Hi Busy Families, It has been an exciting week for the staff at Busy Coolangatta, we have finally moved in permanently and can be found on campus all 5 days a week!
Thank you to Naomi our Youth Worker for her efforts with Reconciliation Week, the students really enjoyed it!

Our teachers have been amazingly supportive of our students in the lead up to assessment, it is a pleasure to wait them interact and support all students in their classes.

This week we welcomed Emma (Work Readiness Officer) to our campus, she is excited to engage and interact with the students and support them on their journey to the workplace.
We are all looking forward to the GC Business & Jobs Expo on Thursday, over 1000 employers in one place!

Essential English

Students have been working on their workplace safety package persuasive speech. This task includes the completion of a promotional poster and brochure, writing, designing and presenting a 4-6 minute persuasive speech with multimodal elements. A number of students have completed the planning and writing components, and are now at the presentation phase of the task. Students have been given a range of presentation options to select from based on their 'comfort zone'.

The second assessment task is also now underway. This involves writing a report from the perspective of an employer to resolve a workplace conflict scenario. They have been given a scaffolding sheet to help them plan their response.

This term, being a 'catch up' one, has been fast and furious with assessment, but we are nearly there! 12

Look who came to visit us!

We had a lovely little visitor this week that Naomi and Maddie enjoyed very much!, Mr Micah our student Adarlia's son came in for cuddles and care to help her complete her assessment. It is a busy time for Adarlia with being a full time mum, and completing year 11 with intentions of completing criminal law. When her babysitter fell through, we jumped at the opportunity to help out by looking after the little one for a couple of hours. We got lots of smiles and giggles, and enjoyed watching him learning to crawl. He is such a delight!
